BASKETED HOLLIES ("Nature Packed," in 12" dia. wire baskets in leafmold)

Twelve to twenty-four inches high, 35-50 lbs., shipped with the tops enclosed in a wire cage. On arrival, remove protective top cage and plant bottom basket and all (do not remove bottom basket). These Hollies ship perfectly, hardly know they are moved. Be sure to order both male and female varieties (see catalog). Shipped Rail Express collect, send check for Hollies only.

\$6.50 each, packed, any variety listed in our catalog.

LARGE SPECIMEN HOLLIES (5-20' high, 4-10' broad, \$50-500.00 each)

The largest collection of transplanted specimen nursery grown American Holly in the nation. Some are more than fifty years of age. Representative specimens have been exhibited many years at the Philadelphia Flower Show, drawing first prize each year to date. We are well equipped to truck and plant large Hollies. Write or phone for an appointment. We will make every effort to see that your visit is enjoyable.

OAK LEAFMOLD (bu. bags, 55-75 lbs. each)

The very best material in which to plant Hollies. When planting, dig a large hole and use about a bushel to each foot of height of the Holly. Each year apply a coating of Oak Leafmold on top of the ground under the branches. Shipped rail freight collect, send check for leafmold only.

\$1.50 per bag, FOB Yardville, N. J.

TOBACCO STEMS (bu. bags, 20-30 lbs. each)

A food for Holly . . . to give the leaves a deeper green and to promote berrying. Apply about a third of a bushel to the foot of height each year, spreading in the form of a mulch on top of the ground under the branches of the Holly. Shipped rail freight collect, send check for tobacco only.

\$1.50 per bag, FOB Yardville, N. J.

JAPANESE, CHINESE, AND ENGLISH HOLLIES ALSO STOCKED

(I. Aquifolium, Cornuta, Pernyi, Crenata)
